

Specialist & Decorative Aggregates

Product Catalogue 2023/24

About Day Aggregates

Who we are, what we do...

Day Aggregates was established in 1947 and is a leading supplier of primary, recycled, and manufactured aggregates to Builders' Merchants and the construction sector.

We offer a wide range of products and materials, and have an extensive network of rail-served depots, recycling and bagging facilities, and a large fleet of vehicles; all of which enable us to meet the challenges of construction projects in an efficient and sustainable manner.

Our large, dedicated and experienced team, supported by our well-established infrastructure, position us to be the chosen business partner, valued for our straightforward and friendly approach - building on our solid family foundations.

Products

Specialist and Decorative

Decorative products are available in a variety of colours and sizes and can help to enhance hard landscaping projects and achieve beautiful outdoor spaces. We also provide a range of specialist products suitable for many practical applications and solutions.

Specialist and decorative materials can be delivered to branch or directly to site, in bulk bags, poly bags or loose.

For more information, please visit our website or contact your local sales representative.

*Images show decorative materials in both a wet and dry condition.
